RE: HG Construction Development & Investment, Inc. Recommendation Letter

To Whom it May Concern,

As the Facility Project Management team for Florida Power & Light, we have engaged HG Construction Development & Investment, Inc. on more than a handful of projects. Both new construction and renovation of existing facilities; as the General Contractor and as a site sub-contractor for other General Contractors, their performance in all roles has been exemplary. Their team is willing to go above and beyond on any items asked whether contractual or not.

HG Construction has performed such services as demolition, clearing and grubbing, drainage construction, site grading and grading for paved areas, lake excavation and swale grading, Placement of Base rock and asphalt courses, landscaping, and FDOT curb, gutter, and sidewalk construction. HG Construction has implemented MOT measures on FDOT roadways adjacent to our projects without incident.

HG Construction has proven to be a reliable and valuable supplier in our network. The field and operations managers within their team have been well versed in the type of work being processed, delivering a high-quality final product. HG Construction has performed well in coordinating sub-contractors to work in connection with other trades to deliver the projects on time.

I sincerely recommend HG Construction Development & Investment, Inc. and look forward to continuing a healthy working relationship with them on future projects.

Sincerely,

Nick Ruiseco
